SUBJECT: ORGANIZATION

Personal, professional and human relations depend upon a clear understanding of relative functions in any organizational structure. In recognition of this principle, the Board of Education acknowledges the following inter-relationships as being of utmost importance in achieving the educational goals of the local community and of the state as prescribed by the constitution of the State of New York and the State Legislature.

The Citizens of Jasper and Troupsburg provide support, and through an elected Board of Education, determine the policies of the Jasper-Troupsburg Central School District.

The Board of Education adopts and evaluates general school policies so as to make it possible to achieve the goals and purposes set forth in the Philosophy of the Jasper-Troupsburg Central school District; prepares and adopts a budget consistent with established policies and goals for presentation to the citizenry at the annual meeting; selects the Superintendent of Schools who serves as the Chief Executive Officer of the Board; and supports him in the discharge of his duties.

The Superintendent of Schools furnishes professional leadership as the Board's Chief Executive Officer in the general administration of the school system; recommends policies to the Board; and coordinates and directs the total administrative team to the end of carrying out the policies of the Board of Education.

The Principals are executive heads of the school and furnish instructional and community leadership for the educational program.

The Teaching Personnel provide learning experiences for pupils under the direction of the administration, accomplishing the goals and purposes set forth in the Philosophy of the Jasper-Troupsburg Central School District.

The Students of Jasper and Troupsburg are provided educational experiences leading ultimately to responsible citizenship.
